RE: MOTION TO INTERVENE in the Application of Arizona American Water Company for increase in its Rates and Charges for utility service.

DOCKET No. SW-01303A-08-0227

W-01303A-08-0227

See attached petition names, addresses and telephone numbers.

We wish to intervene in the application for increases in the Waste Water rates and charges filed by Arizona American Water. We are residential customers. At the meeting today with the Arizona American Water Company, they stated they had made an investment of \$4.5 million on a plant for waste water. Their increase is from \$50 per home to \$90 per home. They have 1246 customers in this area of homeowners who are mostly on fixed incomes & pensions who cannot afford this increase. We feel the company made a bad decision on the population growth in this area and now expects the homeowners to "bail" them out. They also expect an 8% increase in their return investment on this project. We also wish to know how Bullhead City homeowners pay only \$32 per home and the rest of the area either has septic tanks or pays this outrageous waste water bill.

We should not have to pay for their errors in judgment unless they wish us to be part owner in the corporation and have a say in the running of their business. **We do NOT want a rate increase of any kind.** Also, they are not being competitive with the rates in this area.

We hereby certify that a copy of this Notice of Intervention has been mailed to Arizona American Water, 927 Hancock, Bullhead City, AZ 86442.

Sincerely,

Nicholas Wright
